

MADE ENTIRELY OUT OF NATURE'S ORIGINAL PERFORMANCE FIBER, MERINO WOOL'S NATURAL BENEFITS COME INTO THEIR OWN IN THE WORLD-FIRST WOOLAROO.

Australian Merino wool is a 100% natural, renewable and biodegradable source grown on the simple blend of sunshine, water, grass and air. For the lifestyle of the nomadic surfer that the Outerknown brand was created for, the innovative product truly is from nature, for nature.

The brainchild of surf legend Kelly Slater and designer John Moore, Outerknown has worked with The Woolmark Company to develop the world's first trunk made from 100% Merino wool, and certified by the global authority on wool.

Using the latest Optim™ spinning techniques, Merino wool fibers are pre-stretched and spun into yarn before being woven to create the fabric used in Outerknown's Woolaroo. The fabric then super contracts creating a highly compact fabric and the 'jammed' weave structure delivers a resilient handle able to withstand surf conditions.

100% NATURAL

Wool is 100% natural, grown year-round by Australia's 71 million sheep, consuming a simple blend of water, air, sunshine and grass.

100% BIODEGRADABLE

When a wool fiber is disposed of, it will naturally decompose in soil in a matter of years, slowly releasing valuable nutrients back into the earth.

100% RENEWABLE

Every year Australian sheep produce a new fleece, making wool a completely renewable fiber.

NATURALLY DURABLE

Crisp and resilient handle makes the Merino wool fabric an ideal alternative to fabrics made from synthetic fibers, and enhanced wrinkle resistance leads to improved wearability.

QUICK DRY

Due to Australian Merino wool's natural performance properties and the latest Optim™ spinning technologies, the Woolaroo dries quickly and is wind-resistant.

MACHINE WASHABLE

"Jammed" weave structure allows for machine washability and easy care.

SOFT ON SKIN

Merino wool fibers are extremely fine, enabling them to bend far more than traditional, coarser wool fibers. This makes Merino wool feel soft and luxuriously gentle next to your skin.

UV RESISTANT

Merino wool clothing provides good protection from the sun, compared with the protection from other fibers.

DRAPE

Loved by designers across the world, Merino wool's natural drape means that clothes effortlessly follow the form of the body.
